PRESIDENT'S LETTER

DR. DEVIN STEPHENSON

Northwest Florida State College is making a significant IMPACT in Northwest Florida by generating more than \$36.5 million dollars in wages, profits, and other forms of income that otherwise would not occur in the region (according to a recent economic impact study completed by EMSI, Inc.)! Most notably, NWF State College's total annual IMPACT on the region is \$326.2 million dollars in added income, representing 7,335 jobs supported. Did you know the majority of NWF State graduates remain in Okaloosa and Walton Counties to live and work after graduation?

For the first time since the inception of the Florida College System's Performance-Based Funding Model, NWF State achieved the Silver status, which resulted in more than \$450,000 in additional funding back to the institution. This is a significant accomplishment for the College! Through improved processes and the complete redesign of second floor of the Student Services Center, renamed "Raider Central," we have increased access to affordable education for each student coming through our doors. The best is our standard and we are committed to being the preeminent provider of college readiness, workforce development, and professional and continuing education.

Support from the NWF Foundation is critical as we strive to improve the lives of citizens in Northwest Florida. Over the prior year, our President's Circle grew by 30%. Gifts to the President's Circle fund the College's area of greatest need. In 2017-18, the College utilized these funds to establish a \$20,000 Student Emergency Fund, from which, \$8,000 has been awarded to assist students in need, directly impacting our retention. In addition, the President's Circle gifts provided \$1,500 in seed funding to begin the Feed-A-Raider Food Pantry, which will help students with food security concerns.

The Raider Baseball and Softball teams are grateful to the NWF Foundation and the tremendous community support during the "Step Up to the Plate" Campaign, which raised more than \$350,000 for the new Raider Athletics' Indoor Practice Facility. This state-of-the-art 10,000 square foot facility will help our athletes build upon their records of success both on the field and in the classroom.

Annually, the Foundation provides more than \$2 million dollars in scholarship funds and program support to the College. This year, the Foundation intends to embark on a major gifts campaign - a successful effort will ensure we are poised to meet the needs of our students and our community for years to come. I ask for your continued support in advocating for NWF State College. Thank you for all you do and Go Raiders!

CHAIRMAN'S LETTER

DALE E. PETERSON

On behalf of the Northwest Florida State College Foundation Board of Directors, I am pleased to present the Foundation's Annual Report which summarizes the organization's impact, accomplishments, and financial performance during the 2017-18 fiscal year. Since 1988, the Northwest Florida State College Foundation has built a legacy of providing support for programs and projects that benefit NWF students. We are particularly grateful to the generous donors acknowledged in this report.

DALE E. PETERSON
Chairman, Northwest Florida State College Foundation
CEO, Dale E. Peterson Vacations

Because of those donors, the Foundation provided more than \$2 million in direct support to Northwest Florida State College. During the last year the Foundation awarded more than \$600,000 in student scholarships and established two new scholarship endowments – The Eglin Air Force Association Bob Patterson/Shirley Pigott Scholarship and the Lyn L. Troxler Scholarship.

Your gifts are greatly appreciated. It is because of your support that Northwest Florida State College is able to improve lives each and every day. On behalf of the NWF Foundation Board of Directors, thank you!

Lyn L. Troxler Scholarship Endowment Established

Named in memory of Lynda "Lyn" Lewis Troxler, the Lyn L. Troxler Scholarship Endowment has been established with a stock gift of \$25,292.54. This endowment will support single-parent students as well as students whose expected family contribution (EFC) falls outside the Pell eligible range by no more than \$2,000. This scholarship endowment embodies many of the core values of Northwest Florida State College in that it aims to assist individuals in forging their own successful path forward.

EILEEN ARPKE STEPS UP TO THE PLATE WITH \$50,000 FOR INDOOR PRACTICE FACILITY

Longtime friend and supporter of Northwest Florida State College, Eileen Arpke, stepped up to the plate once again by presenting a check of \$50,000 for the Raider Athletics Indoor Practice Facility.

In the past, Ms. Arpke has established the Charles and Eileen Arpke Scholarship, named the Charles K. and Eileen H. Arpke Conference Room, and strongly supported several other areas of the college including the Northwest Florida Symphony Orchestra, President's Circle and the Institute of Senior Professionals. Her gift of \$50,000 helps close the gap on the necessary funds needed to construct the Indoor Practice Facility.

The NFSO would like to thank the generous support of our Grand Underwriters, who provided charitable gifts from July 1, 2017 through June 30, 2018. The regions premiere professional orchestra, the Northwest Florida Symphony Orchestra (NFSO) offers a repertoire of the highest quality traditional and new orchestral works. The NFSO performed under the baton of Conductor and Music Director Jeffrey Rink, who also served on the faculty of the College as the Mattie M. Kelly Distinguished Endowed Teaching Chair in Orchestral Music and the Northwest Florida Symphony Guild Teaching Chair in Orchestral Music.

NWF STATE COLLEGE BREAKS GROUND ON INDOOR PRACTICE FACILITY

(Pictured above L to R): Ramsey Ross, Athletic Director; Heidi Blalock; Jeffrey Schembera; Donald Litke; Eileen Arpke; Devin Stephenson, NWF State College President; Gerald Hollingsworth; Lee Lewis

Northwest Florida State College celebrated the beginning of construction on the Athletics Indoor Practice Facility with a Groundbreaking Ceremony on July 11.

Several local athletes, community members and donors were in attendance as NWF State College President Dr. Devin Stephenson recognized those who helped make this project possible.

"I am humbled by the members of this community who 'Stepped Up to the Plate' and raised funds needed in less than a year's time," said Dr. Devin Stephenson, President. "The immense support that the Raider Athletic program receives from the community cannot be denied. Our community's encouragement, support and generous contributions guarantee that our organization will continue to grow and provide our students and the community with the best resources possible."

The state-of-the-art 10,000 square-foot, brick Indoor Practice Facility will contain five all-purpose tunnels with Burbank Sports nets, artificial turf flooring, LED lighting inside, exterior lighting for safety and will be fully climate controlled for year-round practice. Once complete, this facility will help the teams build upon their record of success on the field. Even more importantly, it will provide a consistent routine for NWF student-athletes which will improve the quality of their academic experience.
